NOTE: NO MORE THAN TWO HONORS-BY-CONTRACT UNITS MAY COUNT TOWARDS COMPLETION OF THE COLLEGE LEVEL HONORS PROGRAM REQUIREMENTS. This contract is normally submitted by the end of the first week of classes. Alternatively and in the case of research projects where subsequent publications and/or patents could be counted as honors, the possibility of assessing and deciding if the work performed in a course merits an honors credit at the end of the semester is also allowed. Under such circumstances, sponsoring faculty may retroactively and at the end of the semester decide to award Honor's credit to the student by submitting this form together with the final report. Any change in this timing must be approved by the Chair.

WHAT KINDS OF COURSE ENCHANCEMENTS WOULD BE APPROPRIATE FOR HONORS CONTRACTS?

You must negotiate the Honors-by-contract enhancements with your professor, and they must be approved by the Chair (for departmental honors) and Honors Program Coordinator (for college-wide honors).

Here are some possibilities (there may be many more):

- additional research
- additional presentation of research
- additional computer program or project
- additional performance
- review of research literature for a topic covered in class

You must have a pedagogical reason for doing what you do to enhance the course; simply doing more work is not enough.

Be sure that copies of the contract are returned to the Chair (/ Honors Program for the college-wide honors), the instructor, and yourself.
