Registration Newsletter for Fall 2016

Dear Computer Science Major & Minor Students,

Registration is around the corner! Start thinking about your courses for next semester.

Advising Window: March 22 – April 4

Note: some faculty members may offer advising appointments before the window begins, so check your email.

Registration Window: April 5 – 15

It is the policy of the CS department that all majors should meet with their academic advisors before registering for classes. **A registration hold has been automatically placed on your account and will be removed after the advising meeting.** Please watch for an email from your advisor asking you to make an advising appointment. Check PAWS for information on your advisor and registration date and time.

Fall 2016 Options Courses

CSC 450-01: Computer and Network Security, T/F, 2:00 – 3:20 PM, Dr. Li

(Prerequisites: CSC 360)

This course examines current concepts and practical techniques in computer and network security. In addition to participating in a broad discussion of system security, students gain hands-on experience in diagnostic and development techniques. Students apply their depth of understanding in a broad array of computer science areas, such as computer architecture and organization, operating systems, networking, and software design to the security projects developed in this course.

CSC 470-01: Mobile Application Development, M/TH, 3:30 – 4:50 PM, Dr. Mao

(Prerequisites: CSC 230 with a minimum grade of "C")

Mobile devices are becoming ubiquitous along with the high demand for mobile application serving millions of end-users. In this course, students will learn to use the Android Development Platform to develop mobile applications. Topics covered will include activities, intents and fragments; user interface design; Android views; services and content providers; location and maps; networking on mobile devices; permission control.

CSC 470-02: Topic TBD, T/F, 3:30 – 4:50 PM

(Prerequisites: CSC 230 with a minimum grade of "C")

This topic and description will be announced at a later date.
