

Four Year Plan for Computer Science Majors

Use this form to plan which courses you will take each semester. Be specific about computer science, math and science courses, including course numbers where known. Also include courses you need for minors, double majors, concentrations, etc. This will help you determine how many semesters you will need to complete your requirements. It will also help us better estimate how many seats CS majors need in each of our classes for the next four years.

Complete this form prior to meeting with your advisor.

Student Name: _____ Expected Graduation Date: _____

Academic Year	Fall	Spring	Summer
20__ – 20__			
20__ – 20__			
20__ – 20__			
20__ – 20__			

Student Signature: _____
