

Four Year Plan for Computer Science Majors

Use this form to plan which courses you will take each semester. Be specific about computer science, math and science courses, including course numbers where known. Include courses you need for minors, double majors, concentrations, specializations, etc. This will help you determine how many semesters you will need to complete your requirements.

*Students must complete this form **before** meeting with their advisor.*

Student Name: _____ **Expected Graduation Date:** _____

Academic Year (Ex: 2025 – 2026)	Fall	Spring	Summer

Student Signature: _____ **Date:** _____

Advisor Signature: _____ **Date:** _____
